Whole Person Care is a new state-wide initiative of the CA bishops and Catholic healthcare systems that will build teams in each parish to provide community support and resource referrals to families with loved ones who are ill or at the end of life.

This Launch Conference offers an opportunity to learn more about community resources and connect with leaders across regions. Priests are encouraged to attend and bring the leaders in their parish who coordinate ministries to the sick, deacons, and other service leaders. Individuals may also register!

To register please contact Lily Alvarez: jlalvarez@la-archdiocese.org or (213) 637-7550
